Traditional Life Occupancy

The Traditional Life Occupancy Plan allows you to enjoy the benefits of continuing care for a moderate price. With this refundable plan, the Life Occupancy Payment amortizes on a declining basis: 4% the day of occupancy and 2% per month thereafter. At the end of the 48th month, there is no refund.

This plan refunds 80% of your Life Occupancy Payment to you or to your estate, regardless of how long you reside in our community.
